Conservation Farming

In Oxford County

by Douglas L. Starsten

Boll Conservation Service

Perry Chapman and myself spent

a good part of last week surveying

a large drainage project for the

Jack Steele farm in Dixfield.

Mr. Steele owns land bordering the

Webb River which is poorly drain-

ed. To improve the carrying capac-

ity of a stream flowing through the

farm a 1700 foot channel will

be dug to the river. The channel

will be about 3 feet deep. Mr.

Steele plans to use a backhoe on

this project and the banks will be

sloped with a bulldozer.

In addition to the channel con-

struction Mr. Steele plans to es-

tablish 2500 feet of drainage ditch.

This will be a header type ditch

along a field road and will divert

water from a large field to an out-

let ditch.

Mr. Steele hopes to get started

on this drainage project by the

first week of July.

Another project that we hope

to start during the first week of

July is a waterway construction

project on the C S Barrows & Son

farm in Oxford. The waterway was

started last summer during the

Field Day in July and we hope to

complete the project early so that

a good and may be established be-

fore fall. The Oxford County Boll

Conservation District grader will

be used on this project. The Dis-

trict sod-cutter will also be used

to sod over areas where seedbed

establishment would be difficult.

REPORT OF THE

BETHEL JUNIOR BASEBALL

Last Sunday, three ballplayers were at work at the baseball field, as well as the usual faithful workers.

Reports from one of these workers are that two more Sundays will have the school field in playing condition.

Baseball schedules will be distributed this week by Blanche Bennett, assisted by several boys and girls. Watch for these people who will be looking for a small contribution for one of these schedules. The merchants of the town have been sent one by mail with a note of appreciation for their donation.

Bethel Red Sox vs. Oxford in 3-5 tie: A two base hit by Peter Davis, an error, and a neat third base line hunt by Thomas Heath scored the tying run in the last of the fifth for the Bethel Red Sox. Oxford scored first in the third, following up in the fifth with two more. Bethel tied it up with one in the fourth, then came from behind to tie it up three to three in the fifth. Oxford's pitcher, Mills, was touched for four hits. Bethel's pitchers, Newell and Heath, were reached for five hits. After six complete innings (Regulation Little League Game), darkness prevailed and the game was called by plate umpire, Peter Baker, and base umpire, Floyd Bartlett.

V. A. NEWSLETTER

Compensation payments to veterans for service-connected disabilities may be allowed retroactively to one of three different dates, M. L. Stoddard, Manager, Veterans Administration Center, Togus, Maine, explained today.

The dates, Stoddard said, are determined by three different sets of circumstances, one of which is the time the application for compensation was filed.

Stoddard noted the three dates as follows:

1. If the veteran files his application within a year from the date of his separation from active service and VA finds that his service-connected disability was severe enough at separation to be compensable, compensation payments may be made retroactive to the day following separation.

2. If the veteran files his application within a year from the date of separation, but his disability was not severe enough at separation to be compensable, compensation payments may be made retroactive to the date the evidence shows the disability severe enough to rate compensation.

3. If the veteran files his application later than a year after separation, compensation may be made retroactive to the date the application was filed.

"This does not mean," Stoddard stressed, "that there is a time limit for filing. Veterans may apply for service-connected compensation at any time during their lives."

Compensation may be paid monthly to veterans who have disabilities which are judged to have been incurred in, or aggravated by, service in the armed forces either during wartime or peacetime.

Peacetime rate of compensation is 60 per cent of the wartime rate unless the disability resulted from extraordinary service, in which case the wartime rate may apply.

PONY LEAGUE NOTES

Bethel Indian games coming up: Tuesday, July 3, Bethel at Mechanic Falls, 8:15 p. m. Friday, July 4, West Paris vs. Bethel at West Bethel, 8:15 p. m.

We lost a close game to Gorham last Thursday night at West Bethel. Our boys played great ball and were ahead most of the game. The visitors scored five runs in their half of the seventh inning to pull out the victory. Mel Jodrey pitched the first five innings for Bethel, striking out 11 and allowing only two hits. He was relieved in the sixth by Dana Bean who issued four walks and allowed three hits. Some of the heavy hitters for the Indians were Don Rice, Dana Bean, Salway and McEntee. Corrigan and Barrett hit well for Gorham.

Last Tuesday evening the Indians entertained South Paris at West Bethel and the game ended up a tie 7-7. It will be played off at a later date. The contest was well played and exciting all the way. Mel Jodrey twisted the full game for the locals allowing four hits and striking out 12 men. Our boys collected 11 hits off two Paris hurlers, Welch and Gray. Some heavy hitters for the Indians were Jeff Hutchins 2 for 2, Doug Rice with 3 for 4.

Sheldon, Iowa, Mail: Speaking recently before the Inter-American Bar Association at Dallas, Texas, Mr. Hoover warned that Russia's new strategy for the promotion of world-wide communism was through Socialists operating under the guise of "liberals and progressives." Less than 48 hours after our former President made this prediction, Russia itself announced that "Socialist successes have created new conditions for activities of the Communist and other workers' parties."
